Torako does all these things and more. She's a force of nature, and thanks to her, nothing at Kamizono Academy ever goes quite as planned. Looking for the right classroom turns into a comical case of breaking and entering. Sketching fellow students in art class turns into a racy photo shoot. No one can predict what Torako will do next, but wherever she and her friends go, laughter is sure to follow.

The complete 13-episode television series!**Features:**

Clean opening and ending, clean opening and ending (initial broadcast version), liner notes, and original U.S. trailer.
