About MARTIAN SUCCESSOR NADESICO

The Earth, its moon and its Martian colonies are under alien attack, but the war against the “Jovian lizards” has, so far, been nothing short of a series of disasters.

Disgusted by the incompetence of Earth’s military, the independent arms manufacturer Nergal builds its own space battleship and plans to launch a desperate offensive to save humanity. But due to a shortage of trained soldiers, they’ve assembled the most unorthodox crew to ever launch into orbit! With a pacifist cook-turned-unwilling mecha pilot and a ditsy admiral’s daughter in command, can this unprecedented gathering of geeks, misfits and anime fans prevail against the Jovian menace?

Includes the complete, 26-episode TV series and *Gekigangar 3* OVA (with remastered video), plus the *Prince of Darkness* motion picture!

Features:

Interviews with actors and staff; “Welcome to Belle Equipe” featurette (45-minute documentary on the TV series, its music, and its staff); “Nadesico Sorekara” special (25-minute special with footage from the *Nadesico Roadshow*, as well as voice actor interviews and promo clips for the film); clean opening and ending for the TV series; TV spots; movie spots; movie trailers; music video for the movie, featuring Yumi Matsuzawa; and Nozomi Entertainment trailers.
