He receives a request from a mysterious gentleman to rescue a girl named Tiffa; and so he sneaks aboard the *Freedon*, the land warship where she is held captive. With the girl safely in his care, he returns to the mysterious gentleman, but when Tiffa sees the man, she's overcome with panic. Quickly judging the situation, Garrod takes her and escapes. Guided by her unusual powers, they end up at the remains of an old Federation factory, where they find the mobile suit "Gundam X" ...
